Once payment and order form have been received, we will contact you by email to confirm your order (number of nucs ordered, pick up location, and approximate date of pick up).

Once your order is confirmed, all sales are final. It is your responsibility to pick up your order at the agreed-upon location, date, and time. Please note: Inclement weather may affect pickup dates.

We will contact you one week prior to the pickup date to confirm the date, time, and exact location of pick up. At the time of pick up, you will have the opportunity to inspect your nuc(s). ***As these are live creatures, our responsibility ceases once they have been picked up.***

Transporting your honey bees in the Jester Nuc Box – these are live creatures. They require air to breathe. They need to be kept at a moderate temperature while enclosed. ***As these are live creatures, our responsibility ceases once you have picked them up.***

Installing your honey bees - On Day 1 – Place your nucleus honey bee colony, still in the Jester EZ Nuc box, in their permanent location and open the flap. On Day 2 – Remove the frames from the Jester EZ Nuc box, placing the frames in the hive body in the same order they were in the Jester EZ Nuc box.

The equivalent of 2 full frames of brood is the WHBP standard.

If you receive extra brood or bees, this is a bonus, not the standard.
